---

### **Tech Tip**

**Tips for improving WiFi in your home**

### Location – Location - Location

Where is your Modem/Router

1. On the Floor?
2. Behind your desk?
3. Far end of your home?

**Contact:**

[info@anewvistacs.org](mailto:info@anewvistacs.org)

(650)300-0688

### Change the Location of your Modem

1. Higher is better, raise the modem/router off the floor
2. Move it closer to the middle of your home, you may need to buy a longer cable.
3. If you lease a Modem / Router – contact your provider and ask for a new one (ask them to lower the price while you are at it!)
